

Realtime PCR Research Pack 2

Empower your research with our Real-Time PCR Power Pack! Get the advanced **Pangaea Real-Time PCR system** and **20,000** reactions of **R3Charge Master Mix** for just **20,000 SGD**.

Supercharge your research with this **unbeatable offer**

Pangaea Real-Time PCR System: Experience ultra-fast running time and high detection sensitivity. Features include:

- ✓ Patented airflow duct design for excellent thermal efficiency and rapid heating (up to 8.5°C/sec).
- ✓ High-quality temperature control components for reliable performance.
- ✓ Intuitive software with diverse data analysis modes, compliant with MIQE guidelines.
- ✓ Up to 6-plex detection capability..

20,000 Reactions of R3Charge Real-Time PCR Master Mix: Maximize speed and accuracy in your qPCR assays. Benefits include:

- ⚡ Ultra-fast cycling for rapid results.
- ⚡ Unmatched specificity and sensitivity for precise target detection.
- ⚡ Superior reproducibility for consistent data.
- ⚡ Robust performance across various qPCR platforms.

Terms & Conditions:

V1.1/EN

Promotion is valid in Singapore only while promotional stock lasts. Offer valid till 31 July 2025. All prices do not include GST (9%). Other discounts or promotions cannot be combined. No staggered delivery. Promo Code is to be presented upon point of order. Offer void where prohibited, licensed, or restricted by federal, state, provincial, or local laws or agency/ institutional policy. Other restrictions may apply

Unlock the Power of Real-Time PCR - Exclusive Bundle Offer!

Experience **ultra-fast cycling**, exceptional sensitivity, and **reliable results** in every experiment

This limited-time offer equips your lab with the tools for rapid, accurate, and reproducible qPCR analysis.

All this for the incredible bundle price of **20,000 SGD!**
