

PCR Research Pack

Genotyping . **Simplicity** . Speed

Accelerate Your Transgenic Mouse Genotyping!

Fast. Reliable. Hassle-Free DNA Analysis.

Streamline your research with our exclusive all-in-one PCR bundle – designed for fast, accurate, and efficient genotyping of transgenic mice.

What's Inside the Bundle?

NEW High-Performance PCR Thermal Cycler

- ✓ **10.1" Ultra-Responsive Touchscreen** – Intuitive and easy-to-use interface.
- ✓ **Gold-Plated Peltier Heating Block** – Delivers ultra-stable temperature control.
- ✓ **7°C/sec Ramp Rate** – Achieve shorter PCR times without sacrificing precision.
- ✓ **12-Row Temperature Gradient** – Optimize PCR conditions faster with precise annealing adjustments.
- ✓ **Automatic Pressure Sensor** – High compatibility with consumables, preventing evaporation.

1-Step DNA Extraction Solution

- ✓ **Skip Purification!** – Extract DNA directly from tail clips in minutes.
- ✓ **Ready-to-Load PCR Workflow** – Go from sample to PCR reaction instantly.

Why Choose This Bundle?

- ✓ **Reduce Hands-On Time** – Simplified workflow for faster results.
- ✓ **More Genotyping, Less Waiting** – Rapid, reproducible, high-throughput performance.
- ✓ **Optimized for Transgenic Animal Research** – Reliable, high-quality data every time.

Terms & Conditions:

Promotion is valid in Singapore only while promotional stock lasts. Offer valid till 31 July 2025. All prices do not include GST (9%). Other discounts or promotions cannot be combined. No staggered delivery. Promo Code is to be presented upon point of order. Offer void where prohibited, licensed, or restricted by federal, state, provincial, or local laws or agency/ institutional policy. Other restrictions may apply.
